| BE    | Cambridge Institute of technology | India | 2014 |

### Areas of Research:

Artificial Intelligence, Machine learning.

### Brief Profile: (write about yourself)

I have completed my **M.Tech from BMS College of Engineering (BMSCE)**, where I also worked on a **project in AI/ML and Big data analytics**. I have completed an **AWS course** and an **AWS re/Start graduate from Helsinki, Finland**. Additionally, I hold an **AWS Cloud Practitioner certification**. To further enhance my expertise, I completed **Salesforce Admin and Developer courses from Hajana Technologies, Bangalore**. I also have **two years of experience working at Nokia**, gaining valuable industry exposure on Devops tools. My background combines cloud computing, AI/ML, and DevOps, making me proficient in modern technology stacks.

**Awards/Achievements/Others:**

- Certified AWS Cloud Practitioner
- Cleared Graduate Aptitude Test in Engineering (GATE) 2018 in Computer Science Engineering (CSE) discipline.
- Ministry of Human Resource Development (MHRD) scholarship, Government of India for Master studies.

**Courses Taught:****Publications/Patents:**

|                    |                                                                           |
|--------------------|---------------------------------------------------------------------------|
| Publications       | <i>Kindly add the Title, Indexing, DOI, Year, Journal/Conference Name</i> |
| Patents            | <i>Kindly add the details about the patents granted and published</i>     |
| Book/Book Chapters |                                                                           |

**Research and Consultancy:**
